CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Teachers Attend School Workshop

All white teachers of Grades 7 to 12 in Palm Beach County, and all the county Negro teachers will open state-sponsored "workshops" in West Palm Beach Aug. 15.

Objectives for the whites will be keeping the county's high schools accredited by the Southern Association of Colleges and Secondary Schools.

Accreditation gives a high school the highest rating possible, explained Howell L. Watkins, county school superintendent. It gives a high school graduate the privilege of entering many colleges without examinations.

Study of standards which secondary schools must meet to win SACSS accreditation will occupy the white workshop. The study will continue through the school year. The high schools are to be re-examined in 1951 for continued accreditation purposes, explained Mrs. Clara Capron, county supervisor of instruction.

Dr. Mode L. Stone, professor of education at Florida State university, with a distinguished staff, will direct the white workshop.

Running the Negro one will be Dr. Melvin O. Austin, Negro, dean of the division of teacher education at Florida A. & M. Its theme will be "Improvement of the Instructional Program Through Guidance."

Both will mark beginning of fall term school activities. They'll run three weeks, one at Palm Beach High school and the other at the Negro Industrial high school in West Palm Beach. At their conclusion schools will begin classroom work Sept. 6.

Cavalcade Visits Glades On Friday

Plans for welcoming the second motor cavalcade, sponsored by the West Palm Beach Chamber of Commerce, upon its arrival in Canal Point this Friday afternoon around 3 p. m. were announced by Frank Rozelle, Sr., local cavalcade chairman, at the Tuesday luncheon meeting of the Pahokee Lions Club.

The Pahokee-Canal Point group, headed by Mr. Rozelle and County Commissioner Paul Rardin, will escort the 50 members of the West Palm Beach C. of C. who plan to make the trip on a tour of inspection of new agricultural, industrial and civic developments in this area. The first stop will be at the new Pahokee Hospital building which is nearing completion on Canal Point Road. The cavalcade will next move on to the Lake Okechobee levee and from there to the newly completed Palm Beach County-Glades Airport on Bacon Point. The group will next be shown the new Community Swimming Pool in the Pahokee city park following which they will be served refreshments in the city park.

From Pahokee the cavalcade will travel to Belle Glade, South Bay and Clewiston. At Clewiston they will be shown the Sugarland Ranch of the U. S. Sugar Corporation and other points of interest, following which they will be guests of the Clewiston Chamber of Com-

Aviation Director Is Recuperating

Seven weeks to the day from the time he was taken by ambulance from his residence on Lake Osborne to the Pratt VA Hospital in Coral Gables, Col. L. B. Hickam, county aviation director, came home in his own automobile Saturday afternoon.

Col. Hickam, who was hospitalized after suffering a coronary thrombosis, was dismissed Saturday from the hospital to recuperate at his home. He was accompanied back to West Palm Beach by his wife and John Donlevy, in charge of traffic at Palm Beach International Airport.

The director admitted he would have to take it easy for a time, but said he was feeling fine and expected to begin going to his office at the airport for short periods some time next week.

In Col. Hickam's absence, his assistant, Frank Sakser, has been in charge.—Palm Beach Post.

Here Is Good News! School Opens Sep. 6

Believe it or not, kids, three weeks from next Tuesday morning, Sept. 6 to be exact, the sound of that ding dong school bell will be buzzing in your ears again—vacation time will be over.

To prepare for the coming school year all school teachers of Palm Beach County are scheduled to go on duty starting Monday, Aug. 15. High School teachers will attend meetings in West Palm Beach where they will study standards of the Southern Education Association and work on the reevaluation of the standards of Palm Beach County Schools for the future. Elementary school teachers will conduct group meetings at their various schools and prepare their class rooms and text books for the Sept. 6 opening.

MARRIED WOMEN TO TOSS THAT OLD SOFT BALL

The Pahokee married women's softball team and a team of pickled boys will journey to Belle next Wednesday night to cross bats with a couple of teams there. Supporting fans of the two teams are expected to accompany the teams.

CALLED TO SAVANNAH

Mr. and Mrs. E. E. Coleman of Pahokee left Wednesday for Savannah, Ga., where they were called by the sudden death of her brother, B. L. Thompson which was caused by a heart attack. The funeral was scheduled for Thursday.

merce at a dinner in the Clewiston Inn.

Leonard Dobrow, program chairman, introduced Miss Patsy Maxson, Charles McCurdy, Jackie Sullivan and Richard Tillis, who took part in the recent series of talent shows at the Prince Theatre, in a program of musical and novelty numbers.

Paul Rardin spoke briefly of the air show that is to be held at the Palm Beach County-Glades Airport on Bacon Point in connection with the official dedication of the new airport on Sunday, Sept. 11.

It's Vacation Time Again At Everglades News

Once every 12 months The Everglades News force closes up shop and takes a well earned vacation. This summer is no exception. When you are reading this issue we hope to be miles away from the office indulging our favorite sport of fishing. Of course, we'll bring back pictures to prove our catch.

The office was closed with appropriate ceremony sharply at 5 p. m., Aug. 11 and will be opened for business the morning of Aug. 24 at 8 a. m. You'll just have to struggle along in the meantime without our ever alert brand of service, etc., etc.

For fear you, gentle reader, might worry your pretty little head about a paper next week, let us assure you here and now that it will arrive on time. Through years of experience we have become experts at producing a newspaper by remote control while we linger on the banks of our favorite fishing stream—using rubber bands for bait—for after all, it is a lot of trouble to continue putting worms on the hook. So, next week will be no different in your reading habits than it has been during the past quarter of a century—your Everglades News will be in your box on the accustomed day. Enjoy it!

Big Cane Crop Seen For Lake Section

H. T. Vaughn, executive vice-president and general manager of United States Sugar Corporation, said this week that the prospects for a big cane crop for the 1949-50 harvest season are excellent.

Weather conditions, he said, have been ideal for growing sugar cane with dry weather last winter and plenty of rain, well distributed through the spring and summer and he had been assured by agricultural and research departments that there is every reason to expect a bumper crop barring setbacks from the weather.

Mr. Vaughn recalled the splendid crop outlook at this time last year and the damage done by the hurricane, floods and the freeze later on during the harvest season. The damage inflicted cut the output of sugar which had been anticipated about twenty per cent for the season and damaged stool cane to such an extent that it has not recovered entirely this year. Had it not been for this damage, he believes that the crop outlook would be even better this year than last year at this time.

Foreign labor will again be used this year in the harvest fields, the corporation having, at present, a contract which runs to the end of this year. This contract is expected to be renewed, however. The supply of domestic labor is not yet large enough to supply sufficient hands for harvesting but is large enough for manufacturing purposes.—Clewiston News.

Swimming Meet Proves Interesting

Local youth who successfully passed tests at elimination swimming meets at the Community Swimming Pool at Pahokee July 29 and at the Mayflower Pool in Palm Beach July 30 and are eligible to compete in the South Florida Championship Swimming Meet at Hollywood Beach this weekend include the following.

Jimmy Vandegrift, four-year-old diving artist, junior boys diving contest; Donna Lynn May, junior girls 50-yard backstroke; Rita Fay Hurt, intermediate girls' diving contest; Payne Jackson, senior boys 100-yard free style; Charles Holmes and Richard Ogle, senior boys diving contest.

The South Florida Championship meet is being sponsored by the Miami Daily News. Diving contests will be held on Friday and swimming, on Saturday.

Local Model Wins Wide Publicity

Miss Ann O'Connell, popular and attractive daughter of Deputy Sheriff and Mrs. Frank O'Connell of Canal Point, is winning quite a spot for herself in New York modeling circles. Before going to New York last spring she was head model at Burdine's in Miami and South Florida folks became familiar with her picture in hundreds of Burdine's ads.

In New York she is connected with one of the world's greatest modeling agencies and as proof Miss O'Connell appeared this month in many big ads from nationally prominent manufacturers and in America's great magazines. Miss O'Connell was featured in full page ads in the August issue of "Mademoiselle" and "Modern Bride". Also in "Glamour" she was to be seen in another full page ad. She appeared twice—pages 58 and 59 in the August 8 issue of "Life."

Patterson Talks To Canal Point Lions

A. P. Patterson of West Palm Beach, scout executive of the Gulf Stream Council of Boy Scouts, was guest speaker at the regular dinner meeting of the Canal Point Lions Club Monday night.

Introduced by Alton Jones, program chairman, Mr. Patterson gave an interesting talk on the origin of boy scouting and told of the scout work being accomplished in the Gulf Stream Council. He commended the Canal Point club for its interest in and support of scouting, especially for the part it is taking in the united civic effort to get a new scout hut built for use by all Canal Point troops.

G. Lawton Sims, vice president, presided in the absence of President A. R. Harrington.

TO THE UNIVERSITY

James Sims, 1949 Pahokee Blue Devil, has entered the University of Florida and will leave Canal Point for Gainesville on August 30. James went up last spring and tried out for the freshman football squad and will be a member of that group this fall. His work on the squad will be watched with interest by his many friends in this area.

Farmers To Talk About Conditions

Growers in the Pahokee area will have an opportunity to discuss probable conditions for the 1949-50 season at a meeting to be held in the Farm Labor Camp Auditorium in Pahokee at 8 p. m., Tuesday, Aug. 16, La Monte Gray, Orlando, manager of the Florida Fruit and Vegetable Association, said today.

Methods by which the state and federal employment services are prepared to serve the farmer in his labor needs will be explained by R. W. Robnett, farm placement officer, Florida State Employment Service, Tallahassee; Willis Sloan, regional farm placement officers, U. S. Employment Service, Atlanta; and James G. Gray, Atlantic seaboard area farm placement officer, U. S. Employment Service, Washington, D. C.

This meeting, sponsored by the FFVA, will give growers in the Pahokee area a chance to outline their labor problems and needs to the employment services and to receive expert, unbiased information, Gray said, in urging attendance of all growers.

Similar meetings will be held at Ft. Pierce on Monday, Aug. 15; Pompano on Wednesday, Aug. 17; and Homestead on Thursday, Aug. 18.

Coast Lions Clubs Want Help For Blind

First steps to federate County Lions Clubs were taken at a meeting of local Lions at the Hotel George Washington Friday noon. A resolution asking 10 county clubs to form the federation was unanimously approved, and the board of directors was instructed by President Horace S. Miller to go ahead with the plan.

Clubs which have indicated interest include those at Boca Raton, Delray Beach, Lantana, Riviera Beach, Pahokee, Canal Point, Belle Glade and Clewiston.

Among purposes of the federation, R. E. Johnson, member of the Board of Directors of Lions Industry, said would be consolidation of effort in aiding the blind and expansion of the Industries.

The plan would set the first two weeks in January, to be devoted annually to the Blind Seal Campaign, Mr. Johnson said, and insure the Industries of an income sufficient to enlarge its scope.—Palm Beach Post.

Lightning Schockee Has No Ill Effects

Vonice Odum, eight-year-old daughter of Mrs. Pauline Haigwood of Canal Point had a narrow escape on Thursday afternoon, of last week when a bolt of lightning struck a cypress tree near where she and a group of children were playing, knocking her down and making her unconscious for a short while.

The children were playing with a garden hose and Vonice was standing close to a wire clothesline which was attached to the tree which was split open by the bolt. She was given immediate first aid treatment and soon recovered, apparently suffering no ill effects from the shock.

News Notes From State Capital

TALLAHASSEE—The acquittal of John A. Scruggs of bribery charges by Leon county jury has been condemned by many but shrugged away by most. It is considered a disgraceful ending to a shameful series of events, leading finally to the passage of a bill designed to put book-makers and similar gamblers out of business in Florida. But because it is considered the last chapter, the trial of a man who had no defense against the charge that he paid \$2,000 in folding money to State Senator C. L. Alford for a vote against the bookie bill, has drawn only token comment. The articulate majority around Tallahassee hopes this is all that will be heard from this form of gambling.

TALLAHASSEE—Power of the state game and fresh water commission was sharply changed by Governor Warren when he withheld his signature from a \$250 state warrant to pay former Sheriff Jim Black of Orange county for July's work as an undercover investigator. The governor said he did not consider Black qualified for the job and instructed Comptroller C. M. Gay to withhold his signature from the Black warrant. Without it, the banks won't cash it. Only once before, in the Come administration, has a governor ordered the holding up of his signature, although legally there is nothing to prevent him from black-balling the signature of any state employee he pleases.

TALLAHASSEE—An increase in rates which will average six per cent above present levels has been granted Southern Bell, largest telephone company in Florida. It was less than half the increases demanded by the company last winter. Florida Railroad and Public Utilities Commission at that time granted temporary increases of about six per cent, under a million dollar bond, and provided to hold a series of hearings over the state. After literally hundreds of hours of testimony, experts for the commission found the company relatively in a healthy condition, and found that the rates authorized would let the company earn six per cent on its investment. This increases also, said the commission, will enable Southern Bell to

finance projected improvements to its various exchanges. Other telephone companies are not effected, except as the Southern Bell long distance lines are used by other subscribers.

TALLAHASSEE—A "cut of beef" is bigger than a steak or chop, opined Attorney General Richard Ervin in ruling on a new law requiring Florida-grown beef slaughtered in this state to be marked as such. The attorney general, answering an inquiry from Dr. J. V. Knapp of the state live stock sanitary board, said a "cut of beef" means a half, a side, a quarter or a loin. These, said the attorney general, must be stamped "Produced in Florida" or "Florida beef." Miss Edna Pearce of Highlands county, state representative and cattle owner, sponsored the law.

TALLAHASSEE—Cabinet members expressed themselves as "chagrined" when it developed they would be paid \$1,000 a year pay increases although they had ordered pay increases for others on the state payroll stopped. They and some others, including justices of the state supreme court, were given increases by law, and Governor Warren, who declined two months ago to take his increase, said he thought the law ought to be obeyed. State Senator W. A. Shands of Gainesville condemned the cabinet stand. Chairman Tom Gurney of the state board of control (colleges) again asked the governor to appoint a successor after all pay raises recommended by the board had been spiked by the cabinet. Governor Warren continued to urge Chairman Gurney to stay at his post until after the special legislative session.

AUXILIARY PLANS MEMBERSHIP DRIVE

Plans for a membership campaign to give Canal Point Unit of the American Legion Auxiliary increased strength for its activities during the year ahead have been announced by Mrs. Edwin Dannelly, Unit President. The campaign will begin Sept. 15 and continue through Nov. 15, with enrollment of the Unit's 1950 quota as its goal.

The campaign will be directed by Mrs. Bertie Maxson, membership chairman of the Unit, assisted by her committee composed of Mrs. Lester Hand and Mrs. Ruth Engfinger. Invitations to come into the activities of the Auxiliary will be given to all eligible women in the city.

"We feel that it is especially important for the wives, mothers, sisters and daughters of veterans of both World Wars to be members of the Auxiliary at this time," said Mrs. Maxson. "This is a critical time in the affairs of veterans, as well as of the nation, and the Auxiliary is working for the welfare of both. Every woman who joins gives us additional strength for service to the veterans and for our work in support of national security and Americanism."

Those eligible to be Auxiliary members, Mrs. Maxson explained, are the wives, mothers, sisters and daughters of members of the American Legion, or of men who died in war service and of veterans

Authority to borrow \$750,000 to keep the vast Everglades plantations of the Okeelanta Sugar Co-operative running has been granted by circuit court to George Prince, receiver for the sugar firm. In an order filed Saturday Judge C. E. Chillingworth authorized Prince to borrow the money on receivers' certificates from the Columbia Bank for Cooperatives or other sources.

Prince had submitted the plan to finance operations of the company. Its holdings including a sugar mill, are in the Okeelanta area a short distance south of South Bay on the south shore of Lake Okeechobee.

He estimated that a proposed improvement program for the crop for 1949-50 would cost \$228,783. He estimated that \$700,000 would be the maximum amount he'd have to borrow on receivers' certificates at any one time before June 30, 1950.

Prince reported the cooperative recommended installing a "pre-evaporator to supply vapors to raw and refined and multiple-effect evaporators" at cost of \$35,000. He wasn't sure that was required. He also asked \$15,000 as "leeway" in meeting costs.

The above story was printed last week in The Palm Beach Times and is good news to the Lake Okeechobee Region. The fact that money has been made available to keep the vast sugar plantation south of South Bay operating means a great deal to the Town of South Bay and the surrounding community.

The payroll put out by the sugar cooperative has meant much to merchants in South Bay and Belle Glade during the years it has been in operation. Millions in new money was brought to this immediate section of the Lake Region and this cash has found its way into the tills of manufacturers, business and professional men from Orlando to Miami.

The sugar mill and its surrounding operations were established at a time when "nine prices" had to be paid for everything they bought—including labor. To have pulled the vast operation through to this point was more or less an act of "lifting oneself by his own bootstraps."

Announcement of continuation of operations at the South Bay and Okeelanta organization marks another era in development of this vast agricultural area on the shore of Lake Okeechobee. It has been developed by a group of men who never give up. Through rain and drought, frost and flood, they continue to pour dollars into the rich mucklands and as a reward—in many cases—they are take out more than tenfold on their investment. Of course, there are those who lose their shirt.

Obenshains Fill Methodist Pulpit

The Rev. M. D. Obenshain of Lake Worth, retired Methodist minister, is serving as supply pastor at the Pahokee First Methodist Church for three weeks during the absence of the Rev. Ralph W. Todd, pastor, who left last week with his family for Texas. The Rev. Obenshain preached his first sermon at the Pahokee church Sunday at which time he announced that his son, who has served as pastor at a Methodist Church in Chicago, Ill., for the past 10 consecutive years and who is spending a vacation in Lake Worth, will deliver the sermon at the Pahokee First Methodist Church this coming Sunday.

who have died since discharge. Women who served in the armed forces in either World War are eligible to both Legion and Auxiliary membership.

Cinematic Chatter

By Malcolm Millar

A new romantic movie team, Dick Powell and Marta Toren, is being welcomed on the screen of the Prince Theatre, this Sunday-Monday, where the two players are co-starred in "Rogues Regiment." Powell has the role of an American intelligence officer stationed with the French Foreign Legion in Saigon. Miss Toren is seen as a French secret service agent also assigned to the Indonesian metropolis.

Romantic interludes in the film are staged against a background of intrigue and jungle warfare. The story, based upon the worldwide search for a notorious Nazi war criminal, provides Powell and Miss Toren with a rare opportunity to win audience approval. Vincent Price is co-starred in the drama and does a magnificent job in his portrayal.

For suspense, romance and throat tightening drama, I'm sure you can't go wrong with "Rogues Regiment."

See you at the movies—Mal.

Almost Broken Even

A Fall River, Massachusetts, woman was leaving court after being fined \$3 for traffic violation when she heard a request for a translator for a rabbi. She returned and received a \$2 interpreter's fee.

RADIO SETS

Three-fourths of all radio sets in the United States are electrically operated. One-fourth are powered by batteries.

Miss Patsy Creel Is Honored At Shower

Mrs. H. T. Williams was hostess at the Woman's Club Thursday night at a shower and party honoring Miss Patricia Ann Creel, daughter of Dr. and Mrs. Charles E. Creel, whose marriage to Cpl. Robert Carol Baker, son of Mr. and Mrs. W. A. Baker of Canal Point, will be an event the last of this month.

Bouquets of pink and white gladioli and yellow daisies were used to decorate the clubhouse.

The table, covered with a lace cloth, was centered with a large bowl of pink rosebuds flanked by tall white tapers in double crystal holders and by a novel arrangement of tiny cup cakes in pastel shades to simulate old-fashioned bouquets.

In the receiving line with Miss Creel were Mrs. Williams, Mrs. Charles E. Creel and Miss Barbara Jenkins. Miss Margaret Powell was in charge of the guest book. Miss Walta Nell Hull, Miss Powell and Miss Jenkins assisted the honoree with the opening and display of the gifts. A contest prize was awarded to Mrs. Jack Pope.

Miss Louise Hatton, vocal soloist, sang "If You Were the Only Girl," "Somewhere a Voice is Calling" and "Tonight We Love," accompanied at the piano by Miss Rita Fay Hurt. Soft piano music was played throughout the evening by Mrs. H. C. Graham, Mrs. Orin Bacon and Miss Hurt.

The hostess was assisted with the entertaining by Mrs. W. H. May, Mrs. Jess M. Elliott, Mrs. Violet Hall and the Misses Delores and Lovda Williams.

RELAX and enjoy a carefree vacation . . .

Keep in touch with home by

LONG DISTANCE TELEPHONE

What a comfort to know that no matter where you go, or how long you'll be away, you can get "back home" in a minute or so by telephone. Many new circuits and switchboards have been added and nine out of ten out-of-town calls go through while you hold the line.

Use Long Distance regularly to keep in touch with home and office. Voice visits with home-folks cost so little—yet mean so much to your pleasure and peace of mind on vacation.

Let these 3 gentlemen send your son to college!

PRESIDENT CLEVELAND

PRESIDENT JEFFERSON

PRESIDENT WASHINGTON

If you start collecting these three faces today, they can send your son to college.

For these are the faces that appear on three of the U. S. Savings Bonds. Cleveland on the \$100 bond. Jefferson on the \$50 bond. Washington on the \$25 bond.

Collect one, two, three of these bonds every payday, and you'll have the money you need (in years ahead) to send your son to college. Or take your wife on trips. The money you need to buy that house, that boat, that second car.

For the money you put into U. S. Savings Bonds has a pleasing habit of making more money for you. At the end of ten years, when Bonds mature, you'll find that you collect four dollars for every three dollars you've put aside. And since

they are backed by the government of the United States, it is the safest investment any man could make.

The most wonderful part of it all, though, is the fact that you hardly miss the money you're saving when you join one of the two Automatic Savings Bonds Plans. For these two plans are painless, completely automatic. Your bank or place of business handles all the details.

So start making good friends with those three very famous gentlemen whose pictures appear on U. S. Savings Bonds.

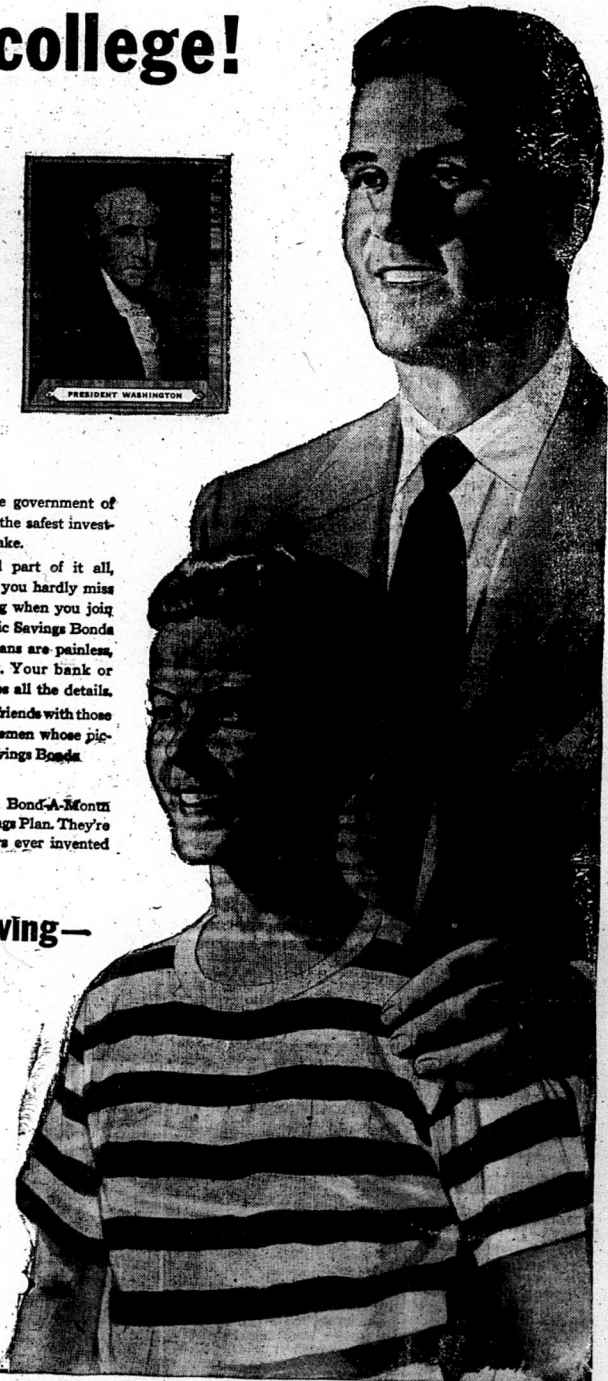

Ask today about the Bond-A-Month Plan or the Payroll Savings Plan. They're the simplest, surest ways ever invented to save money.

Automatic saving is sure saving— U. S. SAVINGS BONDS

DEDICATE NEW AIRPORT SEPT. 11

The official dedication date for the recently constructed Palm Beach County-Glades Airport located on Bacom Point has been set for Sunday, Sept. 11, according to County Commissioner Paul Rardin. Officials of the Palm Beach county aviation division, working in conjunction with the Board of County Commissioners, will work up plans for the dedication and an unusually attractive program is in store for that day.

Tentatively plans call for a visit to the airport by dozens and dozens of aviators from all over the state of Florida. They will begin to arrive at the airport at ten o'clock in the morning and at the noon hour a dinner will be served for them, possibly in the woman's club building in Pahokee. Transportation of the aviators from the Bacom Point Field to the club house is being arranged.

Another highlight on the program will be the presence of an Eastern Airlines airliner which will throughout the day be visited by all who are in attendance. Another highlight will be the presence of a National Airlines DC-6 which will mark the first appearance of a four motored plane in the Lake Region.

Invited to be present and act as master of ceremonies is none other than Zack Mosley, creator of "Smilin' Jack." Mr. Mosley is an aviation enthusiast and is always generous with his time and talent in dedicating airfields or doing those things which are for advancement of aviation.

A full and complete program is being arranged in keeping with an airport dedication and will be made public just as soon as it is completed. The entire personnel of the county aviation division will work to the end that the dedication day program is a big success.

Mr. and Mrs. J. L. Reeves spent the weekend visiting their son, Albert, in Thomasville, Ga.

Caution: Use only as directed

Personal

The Rev. E. H. Dougherty, former pastor of the Canal Point Methodist Church now living in Miami, is reported to be ill with a heart attack at Jackson Memorial Hospital in Miami.

Earl Jones, Jr., son of the Rev. and Mrs. Earl Jones of Canal Point, has returned home after undergoing a recent eye operation at St. Mary's Hospital in West Palm Beach.

Mr. and Mrs. Grady Echols spent the weekend in Tampa to be with his sister who is critically ill at a hospital in that city.

Mrs. C. L. Stuart and children have returned from a two month's visit with relatives in Alabama.

John A. Dulany is attending the National Apple Growers Convention in Chicago, Ill., this week.

Mrs. Frank Wilson represented the Canal Point Methodist WSCS at the School of Missions held at Florida Southern College in Lakeland last week.

N. D. Evans, former Pahokee resident, and Mrs. Cora Lee Moore of Sarasota were married in Sarasota early in July, according to word received here by friends. Following a wedding trip to Canada Mr. and Mrs. Evans will make

their home in Sarasota where they operate a gift shop.

Mr. and Mrs. Audie Hooks, Sr., have returned from a two weeks' vacation spent in the Smoky Mountains in Tennessee.

David Cunningham is spending a vacation with his grandparents in Sumter, S. C.

Mrs. Dorothy Buchanan and her mother, Miss Sarah Shearer, are spending a week with relatives in Tennessee.

Mrs. W. A. Humphries, Jr., left Monday for a two weeks' visit with relatives in West Florida.

Mrs. W. K. Aldridge and son, Keith, and Mrs. Duke Wilson and son, all of Gainesville, spent the past week in Pahokee visiting Mrs. Aldridge's parents, Mr. and Mrs. W. W. McCurdy.

Mr. and Mrs. D. D. Buell visited Mr. and Mrs. G. M. Belk in Pahokee Sunday while enroute from Indiana to their home in Miami.

Frank Belk arrived from Anderson, S. C., last weekend by plane for a visit here with his brother and sister-in-law, Mr. and Mrs. G. M. Belk.

Mr. and Mrs. David Unwin are leaving today to spend a two weeks' vacation with her brother and sister-in-law, Mr. and Mrs. Charles A. Baker, in Jacksonville and other relatives in North Florida.

George Belk, Jr., and his uncle, Sam Belk, left this week for a visit with relatives in South Carolina.

Mr. and Mrs. Eugene Vorhees and children left Sunday for their home in San Francisco, Calif., after spending a two weeks' vacation with his brother and sister-in-law, Mr. and Mrs. G. M. Belk.

er spending a two weeks' vacation with his brother and sister-in-law, Mr. and Mrs. Boyd Vorhees, and other relatives here.

Mr. and Mrs. Lloyd Hundley and sons are spending this week at the beach on the East Coast.

Alvin Armstrong of Miami is visiting his parents, Dr. and Mrs. L. W. Armstrong, in Pahokee this week.

Miss Dot Sewell and her mother spent the weekend visiting relatives in Avon Park.

Mrs. Walter Kautz has returned to her home in Canal Point after a two weeks' visit in Gainesville with her husband who is attending the University of Florida.

Mrs. Edna Barrett and her niece Mrs. Steve Erler, are vacationing at Fort Myers.

Mr. and Mrs. H. G. Boynton had as guests the past weekend her sister, Mrs. George Pierce and son; also Mr. and Mrs. Borden Pierce and son, all of Brewster, Fla.

Mrs. Eva Spencer has returned to her home in Canal Point after a month's visit in California, Idaho and Utah.

Mr. and Mrs. J. T. Boynton and children have returned to their home in Pahokee after a month's tour of the Western States.

Mr. and Mrs. M. L. Adams of Canal Point had as a guest over the weekend their daughter, Mrs. Margie Stevens, of Clewiston.

Orin S. Bacon, Jr., formerly associated with the V-W Ranch, has accepted a position as bookkeeper at Stuckey's Fertilizer Works.

Mrs. Herbert Miller will replace Mrs. Izzetta Kautz as secretary to

the principal at Pahokee Schools this coming school year.

Mrs. L. L. Stuckey will spend the weekend with her son-in-law and daughter, Dr. and Mrs. R. Sam Mosley, in Miami. She will be accompanied by her granddaughter, Janet Mosley, who is returning home after a two weeks' visit here.

Mr. and Mrs. C. A. Kolstad are leaving today to spend a two weeks' vacation in North Carolina.

Mr. and Mrs. Albert Fremd of Canal Point have as a guest their son, Harry Fremd, a student at the University of North Carolina, Chapel Hill, N. C., who is spending 30 days here.

Mr. and Mrs. J. L. O'Neal of Canal Point announce the arrival of a boy at the Good Samaritan hospital in West Palm Beach on Aug. 9. Mrs. O'Neal is the former Miss Verla Jeffers.

Rev. O'Farrell Serves Glades Catholics

The Rev. William J. O'Farrell was recently appointed pastor of St. Mary's Catholic Church in Pahokee and St. Margaret's Catholic Church in Clewiston. He is also supervising the construction of the new St. Phillip's Catholic Church building in Belle Glade. A native of Ireland, the Rev. O'Farrell was ordained in 1939 and came to the United States in 1943. Before coming to the Glades he served as administrator of the Blessed Sacrament Parish in Tallahassee.

PACKAGED POWER

to fit your jobs

Your power requirements may be big or small. You may want gas or gasoline, distillate or Diesel. In any case, there is an International Power Unit—a portable package of productive power—to fit your needs.

From the International 22 h.p. U-2 to the 55 h.p. U-9 you have a choice of four models of carburetor-type engines which are available for operation on gas, gasoline or distillate. International Diesel Power Units range from the 33 h.p. UD-6 to the 180 h.p. UD-24. Here is a line of six Diesel engines that are

scaled to almost every job where portable Diesel power is needed.

We're set up to analyze your power requirements and recommend the right unit for the job it must do. We can show you how International Power Units add up to profitable power on hundreds of applications.

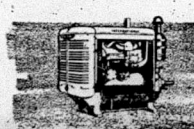

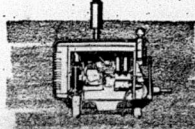

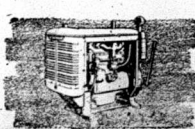

And we'll keep your power plants at peak performance. Our parts and service facilities are always on hand to serve you.

Call on us about your power requirements. We've got the right answers to your power problems—and they're all International.

Christian Science Society

CHURCH OF CHRIST, SCIENTIST

"SOUL" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, August 14.

The Golden Text is: "Thus saith the high and lofty One that inhabiteth eternity, whose name is Holy; I dwell in the high and holy place, with him also that is of a contrite and humble spirit, to revive the heart of the contrite ones" (Isa. 57:15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "If I have told you earthly things, and ye believe not, how shall ye believe, if I tell you of heavenly things?" (John 3:12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of Life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (322:3-7).

Largest Circulation

The United States publication with the largest circulation is the Reader's Digest. The magazine prints over 15,000,000 copies monthly in its local and many foreign editions. Over 8,000,000 of the subscribers take the United States edition.

Autos by the Pound

A Memphis, Tennessee, used-car dealer attracted record crowds when he advertised his vehicles at so much per pound. Dividing his offerings into three classifications, the dealer advertised the automobiles at 39, 69 and 87 cents per pound.

Vacation Bible School will be conducted in the Church school building August 15-26. There will be teachers for all age group 3-14 years. Bring your children so that they may receive this added study of the bible. As a child is taught in the tender years, and as the wealth of biblical knowledge is stored in the sub-conscious mind, in later years when facing life this knowledge can be called forth and will be a basis upon which they may fall back upon.

Welch - Brown

Mr. and Mrs. Luther E. Brown of Tampa announce the engagement of their daughter, Miss Barbara Ann Brown, Nurses Lodge, Good Samaritan Hospital, West Palm Beach, to George Dale Welch, son of Mr. and Mrs. C. E. Welch of Vero Beach and Peru, Ind.

The bride-elect, a former Canal Point resident, is a graduate of Pahokee High School and graduated from the Good Samaritan Hospital School of Nursing in June.

Mr. Welch is a graduate of the Crawfordsville, Ind., high school and served for three years in the Army. He is now attending Wash. University in Crawfordsville where he is a member of the Beta Theta Pi fraternity.

The wedding is scheduled to take place on Sept. 5.

VEHICLE LAW CHANGE

TALLAHASSEE — Several changes in the state motor vehicle title and lien law became effective on Aug. 1 Motor Vehicle Commissioner Arch Livingston said. The changes are designed to speed up handling of title and lien matters. He added they will simplify the method of recording first and second mortgage loans on motor vehicles. Another change voids a lien after seven years and permits destruction of the record.

WELL DRESSED FIREMEN

Gilroy, California firemen, recently put out a blaze in "high style. When the alarm sounded they were all dressed in tuxedos for their annual ball.

AND HAVE LOTS OF LUCK

To earn \$3000 or \$4000 annually, the professional rodeo performer cowboy must place among the first three in events at 30 to 40 rodeos a year.

FOR SPECIAL FLAVOR

Tobacco companies buy millions of pounds of honey each year for preserving and flavoring their products.

Housewife Ultimate Judge Of Products Grown On The Farm

DAYTONA BEACH — The American housewife is the boss of the farmer, the food processor and the retailer, a leading purchaser of Florida's multi-million dollar fruit and vegetable crops told the annual state Conference of Vocational Agriculture teachers here last week.

"The farmer's job ends in the retail store, rather than when he harvests and sells his crop," said Tom A. Davis, of Jacksonville, head of produce operations for A & P Food Stores' Florida unit. "The farmer should know marketing for one all-important reason: all of us in the food business—the farmer, shipper, processor and retailer—have one common boss: the housewife."

"If the housewife doesn't like a product, if its quality isn't up to par, if it isn't properly graded and packed, then the retailer can't sell it to her."

Will Save \$60 On Each Deer Released In State, Official Says

TALLAHASSEE — Negotiations now under way likely will result in a saving of \$60 on each deer released in Florida forests this fall, Coleman Newman, director of the State Game and Fresh Water Fish Commission, revealed today.

Newman said he plans to confer with W. C. Glazener, director of the wildlife restoration division of the Texas Game, Fish and Oyster Commission, in an effort to purchase 100 deer trapped by the Texas agency on the state's famous Aransas Refuge.

"We will attempt to buy 100 Texas whitetails at the actual trapping and transportation cost and release them in various protected areas in Florida this fall," Newman said. The anticipated cost is \$30 per animal, he explained, as compared to a price of \$90 a head that has been paid in previous years for deer purchased from a Wisconsin Deer farm and released in various deer sections throughout the state.

In addition to the lowered cost, Newman expressed the opinion that Texas deer will become better acclimated in Florida than the Wisconsin breed.

LIGHTNING ROD CONTROVERSY

Ben Franklin's discovery of electricity is disputed by the Czechs, who claim Prokop Divis used a lightning rod six years before Franklin reported his experiments.

"X" MARKS THE SPOT

Wreckage of four planes in New York's Catskill mountains has been painted with yellow Xs so rescue pilots won't be confused in the future when searching for missing aircraft.

New Laws Printed In Record Time For State

General session laws of the 1949 Legislature will be available for distribution in printed volume this week, setting a record for preparation and production.

Secretary of State R. A. Gray, Attorney General Richard W. Ervin and the Florida State Bar Association's committee on law reporting worked out revised plans for preparing and printing the laws so there would be a minimum time in making them available to courts, lawyers and others interested. Those most optimistic hoped that with a virtual race against time the work would be completed in 60 days after the session, even this ambitious program has been met with time to spare.

Approximately 1,400 bills were passed by the 1949 Legislature, and 872 of these passed through Governor Warren's office and were filed in the Secretary of State's office during the 10-day period after adjournment of the Legislature on June 3. The printer's contract called for completion of printing in 60 days.

In prior sessions, printing of the general session laws usually has required four to six months. This year's production beats the best previous record by approximately 70 days, Secretary of State Gray said.

The Florida State Bar Association's committee on law reporting recommended the elimination of side notes in the general law print-

ing as a step toward speeding up the completion. This recommendation was approved, and a special law was passed by the 1949 Legislature, placing responsibility for preparing and printing the laws upon the Secretary of State. The printed laws are available upon application to Secretary of State Gray.

Hannas Starting East Coast Story

ST. AUGUSTINE — Dr. A. J. Hanna and his wife, Dr. Kathryn Abbey Hanna, professors of history at Rollins College at Winter Park, and widely known in historical work, are at it again. This time it is Florida's East Coast from Fernandina to Key West, and they hope to put together a highly readable, detailed history.

The two professors said the title has not been selected but that it was scheduled for publication by Bobbs-Merrill in the fall of 1950. Their Lake Okechobee book is their latest delving into history but prior to that there was her "Florida, Land of Change," and his "Flight Into Oblivion," "A Prince in their Midst," and "The St. Johns" in collaboration with James Branch Cabell.

The new story will be one of the gradual building of Florida's Atlantic Coast as civilization pushed Southward. Piracy comes in for some telling for the Hannas say justice never really has been done to that aspect of Florida's history.
